

# CLAW COVER® C3

Significant Cut and Abrasion Resistance

## APPLICATIONS

Food Processing  
Food Manufacturing  
Off Hand Glove  
Direct Food Contact

## COLORS

## FEATURES

Specially designed for food processing operations, the Claw Cover C3 glove provides maximum protection in a comfortable, medium weight glove. A precise blend of high performance synthetic fiber and steel delivers outstanding ANSI level A6 cut resistance in this 10 gauge knit. That means good manual dexterity plus top of the line hand protection. The Claw Cover C3 is ideal for food industry off hand applications. Excellent laundry characteristics – including the ability to use moderate bleach on the white C3 glove – ensure a long product wear life. Like all our Claw Cover products, this knit glove is compliant with FDA 21 CFR 177.2800 and approved for direct food contact, including manufacturing and processing environments. Made in the USA. Fully CE rated.
