

MATA30PL

The Glove that Changed the Industry

APPLICATIONS

Appliance Manufacturing
Glass Handling
Construction
Utilities
Plastics and Molding

FEATURES

Worldwide Protective Products MATA30PL glove revolutionized the hand protection industry. This 7 gauge ATA®/cotton plated glove is one of the first products ever designed with ATA® technology. Years later, it still remains one of the best multi-purpose industrial gloves on the market. When compared to conventional para-aramid styles of similar weight, the MATA30PL protects two- to three-times better in cut and abrasion resistance and costs significantly less. Tested and proven in countless industrial applications, this glove truly is a workhorse. Fully CE rated and ready for use in the EU.
